FACTS

4. Sometime in April of 2014 WFLG contracted with Wix to for website hosting services. WFLG paid Wix consideration in the form of an annual fee for a "premium" profile which included upgraded website services as well as access to a GSuite (Gmail) email platform. As part of the contract, Wix's provided platform was to be "secured" and provided a username and password which only WFLG had access to.
5. This business relationship continued year to year, renewing every month in the Spring.
6. On February 22, 2019 the security measures Wix put in place to keep WFLG's account secure failed. The account was hacked by an unauthorized third party

and WFLG's website was removed. The unauthorized individual has a website and contact information at ikms.co. That person or persons used the email ellen@ikms.co to administer the WFLG account. During this process WFLG's confidential email through GSuite was also compromised.

7. In the weeks that followed, WFLG sent multiple requests to Wix to reset the username and password and on at least 3 occasions providing all verifying credentials including a copy of the FBI complaint filed in connection with the security breach and credit card information that was on file for the WFLG account.
8. Despite the foregoing, Wix did not respond timely. The unauthorized user has managed to continually reset the password barring access by WFLG to its account due to Wix's refusal to respond within a reasonable timeframe. Copies of Wix responses are attached hereto as Exhibit "1".
8. Despite repeated requests for phone contact, Wix refused to a representative at WFLG. The only customer support number that if offered reports that the center is "closed".
9. On March 6, 2019 the username has been reset from ellen@ikms.co to an unknown email.
11. In the event that the unauthorized user deleted WFLG's email accounts, Gmail will be able to recover it, but only within 30 days from the date of deletion. Per discussions with Google Cloud Support, Gmail cannot help WFLG regain control of the email accounts because Wix is the reseller. WFLG will be irreparably harmed if the 30 days elapses and the emails are deleted.

CLERK

1. My name is Ellen Anna Wright and I am the owner of Wright Family Law Group, P.C. We are a small law firm located in Tewksbury Massachusetts specializing in Domestic Relations.
2. In 2014, we revamped our website and email systems. We contracted with defendant Wix, Inc. as the web hosting company and purchased our email set up through Gsuite which was offered as an email service through Wix.
3. I was given a username and password with Wix. Since that time, I paid all annual fees for the business premium upgrade for the website services in the spring of each year. There are four attorneys as well as me that use the office email. We also have a secretary with her own email address. The Wix portal was allegedly "secure".
4. On February 22, 2019 our Wix portal was hacked. By going through the Wix portal, the hacker was able to access all of our office Gmail accounts. They were also able to take down our website. The unauthorized person also commandeered my Google business listing.
5. Complaints with the Tewksbury Police Department as well as the FBI or filed. Since that time, I have on at least four occasions gone through account the recovery process with Wix, however, as soon as they reset the password the unauthorized person who has hacked the accounts is quickly able to reset it. Wix will not communicate with me on the phone so this process cannot be done in real time to regain access.
6. I was able to regain control of my domain and I have since set it up with another company, however, I am not able to get at my email. Gmail will not help me because the email accounts were sold through Wix, who is an authorized Google reseller.
7. Google has a 30-day retention policy for deleted email on its server. On March 22, 2019 my office email may be gone forever. Google will not voluntarily extend the 30 days.
8. The importance of regaining control of this email accounts cannot be overestimated. This email contains, among other things, five years' worth of client communication and with opposing counsel as well. There is extremely sensitive

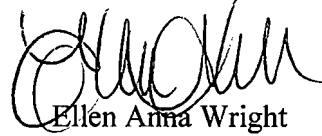

information contained in this, as it stands the hacker has had access to this for almost 2 weeks.

8. I am asking the Court order:

1. Google not to delete any of the email off of its server until further Order of the Court and;
2. Wix contact me by phone so that the account can be re-secured in real time.

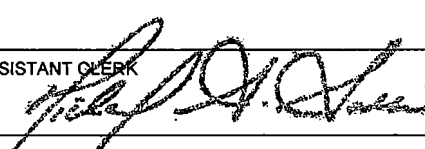

9. The foregoing is stated to the best of my knowledge and belief.

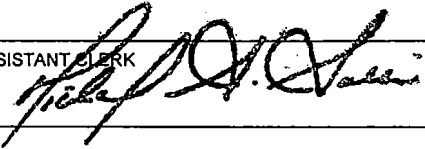

Under the Pains of Perjury,

Ellen Anna Wright

MOTION TO AMEND COMPLAINT

NOW COMES Wright Family Law Group, P.C. (hereinafter “WFLG”) plaintiff in the above captioned matter and respectfully requests leave of Court to amend the complaint as to defendant Google filed March 6, 2019 pursuant to Mass. R. Civ. Pro. 11. the plaintiff states that the new facts have surfaced which warrant revision to the counts contained in the original complaint, specifically claims made under M.G.L. c. 93A. Mass. R. Civ. P. 15(a) provides that leave to amend pleadings shall be freely given when justice so requires. Massachusetts enjoys a long standing liberal policy of allowing amendments to pleadings. *See e.g. Bengar v. Clark Equipment Co.*, 401 Mass. 554,556 (1988). A motion to amend should be allowed unless there is a good reason to deny it. *Haves v. New England Millwork Distributors, Inc.*, 602 F. 2d 15, 19 (1979) Here there is no reason to deny the motion to Amend Complaint. Moreover, this action has only recently been commenced and the parties have not yet begun to engage in discovery.

SUPERIOR COURT DEPARTMENT
CIVIL ACTION NO. 1981CV00623

WRIGHT FAMILY LAW GROUP, P.C.
Plaintiff,

v.

GOOGLE, INC.
Defendant

AMENDED COMPLAINT

PARTIES

1. Wright Family Law Group, P.C. (hereinafter "WFLG") is a professional corporation duly organized and existing under the laws of the Commonwealth of Massachusetts with a principal place of business located at 1445 Main Street, Tewksbury, Middlesex County, Massachusetts.
2. Google, Inc. is a foreign corporation headquartered at 600 Amphitheatre Parkway in Mountain View, California. At all relevant times material hereto, defendant Google transacted business within the Commonwealth of Massachusetts. Jurisdiction is therefore proper in Massachusetts.

VENUE

Damages in this case exceed \$25,000 and therefore venue is proper.

FACTS

3. Sometime in April of 2014 WFLG purchased premium GSuite email accounts for employee use. These email accounts were purchased through a third-party reseller. Google received consideration from the sale of the GSuite email accounts and serviced the GSuite accounts at all times material hereto.
4. This business relationship continued year to year, renewing every month in the Spring. Plaintiff purchased additional email accounts over the course of the following 5 years for a total of 5 GSuite email accounts.
5. Despite security measures put in place, on February 22, 2019 the GSuite email accounts were hacked by an unauthorized third party and were compromised. These emails contained sensitive attorney client communication which constituted a major security breach for WFLG.

6. In the days that followed, WFLG sent electronic requests to Google to reset the username and password and on at least 3 occasions. Google does not provide a customer service phone number and so WFLG also included requests for in-person telephone assistance.
7. Despite the foregoing, Google did not provide any meaningful response to any of WFLG's electronic requests for help. On February 26, 2019 WFLG sent a letter via priority mail to Google's corporate headquarters in California requesting assistance.
8. Google did not initiate phone contact with WFLG until March 4, 2019. At that time, a representative known as "Lili" informed WFLG that they would not restore access because the accounts were purchased through a third party reseller.
9. Access to the email accounts were eventually restored on March 8, 2019 with the assistance from a technical expert hired by WFLG.
10. As a consequence of Google's refusal to render assistance, WFLG was locked out of its company email for 2 weeks. During that time, the unauthorized party had unfettered access to confidential client communiques.
11. At all times material hereto, the cell phone number for the president of WFLG was associated with the GSuite accounts. The cell phone is regularly used for business use, including client contact via text.
12. Upon information and belief, sometime between February 22, 2019 and March 8, 2019 the unauthorized third party established a Google Voice phone number mask over the aforementioned cell phone line. The result of this unauthorized configuration causes the plaintiff's cell phone number to be masked by a Google voice number when the plaintiff calls or texts another Google Voice phone number. Plaintiff has no practicable way of ascertaining what phone numbers in the contact database, or any other number for that matter, are Google Voice phone numbers.
13. This particular breach was not discovered until May 4, 2019. Counsel for Google was notified on May 6, 2019 of the situation. Counsel for Google was also informed of the sensitive client contact information that was contained on the cell phone.
14. Thereafter, Google, through counsel informed plaintiff that the number was a [REDACTED] "shadow" number and that this was intended to mask the non-Voice number so that identities are protected. To that end, Google assigned plaintiff's cell phone a random number because plaintiff was interacting with a Google Voice product.
15. Google knew, or had reason to know that the number was not random, but rather was registered to an individual who purports to reside in Michigan.

16. Google knew, or had reason to know that that plaintiff had texted the Google Voice phone number in question 10 months previously with no incidents of phone number “masking.”
17. Google knew, or had reason to know plaintiff’s first name was attached to the shadow text messages and that there was no “identity protection” associated with the text exchange.
18. To date Google has taken no proactive measures to resolve the cell phone breach despite actual and constructive notice.

COUNT I

Negligence

Wright Family Law Group, P.C. v. Google Inc.

19. Plaintiff WFLG incorporates by this reference all allegations contained in paragraphs 1-18 above as fully set forth and contained herein.
20. Because Google failed to exercise due care in refusing to provide WFLG assistance with restoring the account upon reasonable request and rectifying the unauthorized Google Voice phone number configuration, WFLG has been harmed and has suffered monetary damages.

WHEREFORE, Plaintiff Wright Family Law Group demands judgment against Google, Inc. as follows:

1. For compensation for costs associated with the loss of and regaining control of the Wright Family Law Group G-Suite accounts for costs associated with hiring an expert;

3. Any other relief the court deems just and proper.

Wright Family Law Group, P.C. v. Google, Inc.

21. Plaintiff WFLG incorporates by this reference all allegations contained in Paragraphs 1 through 20 of this of this complaint, as though fully set forth herein.
22. Google and WFLG did not have a formal contract because the GSuite email accounts were purchased through a third party re-seller.

23. Despite the foregoing, a quasi-contract or constructive contract existed between the parties due to the nature of the business relationship and the consideration and benefit derived therefrom by both parties.
24. Because Google breached its quasi contract with WFLG in that failed to assist WFLG with timely restoration of the GSuite accounts, WFLG has suffered damages.

WHEREFORE, Plaintiff Wright Family Law Group demands judgment against Google, Inc. as follows:

1. For actual and compensatory damages;
2. For attorney fees, interests and costs;
3. Any other relief the Court deems just and proper.

COUNT III
Negligent Misrepresentation
Wright Family Law Group, P.C. v. Google, Inc.

25. Plaintiff WFLG incorporates by this reference all allegations contained in Paragraphs 1 through 24 of this of this complaint, as though fully set forth herein.
26. Google made false representations as to a past or existing fact as set forth above and had no reasonable ground for believing it to be true.
27. These representations must have been made with the intent to induce WFLG to rely upon them, and dismiss the within action against Google.
28. As a consequence of these representations, WFLG has suffered damages.

WHEREFORE, Plaintiff Wright Family Law Group demands judgment against Google, Inc. as follows:

1. For actual and compensatory damages;
2. For attorney fees, interests and costs;
3. Any other relief the Court deems just and proper.

Count IV
Violation of M.G.L. c. 93A §11
Wright Family Law Group, P.C. v. Google, Inc.

29. Plaintiff WFLG incorporates by this reference all allegations contained in Paragraphs 1 through 28 of this of this complaint, as though fully set forth herein.

30. Google's failure to act as set forth above constitutes unfair and/or deceptive conduct as per M.G.L. c. 93A §11 and has caused WFLG damages.
31. Google's misrepresentations concerning the Google Voice phone number masking constitute unfair and deceptive practices in violation of M.G.L. c. 93A §11 and has caused WFLG damages.

WHEREFORE, Plaintiff Wright Family Law Group demands judgment against Google, Inc. as follows:

1. For actual and compensatory damages;
2. For attorney fees, interests and costs;
3. Any other relief the Court deems just and proper.

COUNT V
Preliminary Injunction
Wright Family Law Group, P.C. v. Google, Inc.

32. Plaintiff WFLG incorporates by this reference all allegations contained in Paragraphs 1 through 31 of this of this complaint, as though fully set forth herein.
33. Because of the aforementioned security breach, WFLG will suffer irreparable harm within the near future in the emails and activity logs contained on the Gmail server are permanently deleted.
34. WFLG requires the activity logs from Google in order to perform a forensic analysis of the email accounts to determine the extent of the data breach and what specific information was accessed.
34. Google will not be prejudiced and carries a burden substantially less than what the WFLG will suffer should injunctive relief be denied.
35. The plaintiff prays that this court enjoin defendant Google from selling, deleting or otherwise eliminating the emails and all activity logs associated with the GSuite accounts which is of great value and concern in this action.

WHEREFORE, plaintiff WFLG demands a preliminary injunction against defendant Google from deleting or otherwise eliminating the emails and activity logs associated with the GSuite accounts.
